

Horton CE VA Primary School Easter Service

The Easter Service was a tremendous success. It was really helpful in the way that it taught children why there is more to Easter than chocolate eggs and Easter bunnies!

The children and teachers are to be congratulated in the time and energy that went into the preparation of the service.

There were six 'Stations' around the church. Each station was manned by the children and they were able to explain to the parents and guardians the events 2000 years ago at the first Easter.

The first station was themed 'Hopes and Dreams', the 2nd 'Servant King', 3rd Remember me, 4th Alone, 5th Sharing our sorrows and 6th the Resurrection. The children showed a real understanding of the journey and experiences that Jesus went through at that time.

The children sang brilliantly and celebrated the resurrection with authentic joy.

The service closed with prayers and an invitation to donate to the KNOFACIC charity which directly funds a child's education in Uganda.

Very well done to all the staff and children at Horton Primary School.
